

MINUTES OF ASPIRE GROUP HELD 10TH

JULY 2022 AT MUREITH'S PLACE

Members Present

1. Francis Waruhari
2. Martin Waruhari
3. Simon
4. George
5. Peter Kimani

Agenda

1. Preliminaries
2. Review of documentation
3. Saving strategy
4. Discontinuation of group clause

Min 01/18/2022: Preliminaries

Francis Waruhari was asked to lead the group in prayers to open the meeting. He also read the previous minutes and once confirmed, the meeting moved on to the main Agendas.

Min 01/20/2022: Documentation requirement

Francis Proposed that all group documentation be printed and stored by the secretary. He also asked for a revision of all group documentation including, the constitution, minutes and any other document pertaining the group. He urged the group to make the documentation available to any new member who joins the group. Peter Kimani proposed that documentation be stored online using facilities like google docs and work space to ensure availability. Peter's request was subject to research thus, the final verdict would be heard in the next meeting.

Min 01/21/2022: Saving strategy

Peter Suggested that there be a saving strategy that would allow everyone to understand the groups objectives. He proposed a 70-30 rule that would dictate that 70% of the amount be available through m-pesa while the rest would be saved in a bank. The suggestion was countered by Francis who stated that the group's current (at that time), was to save. He proposed that the 70-30 rule was ok however 70 should be saved in the bank and 30 be stored in m-pesa for minimal capital projects. Francis's proposal was seconded by all members.

Min 01/22/2022: Dissolution of the group clause

Peter Proposed that the draft constitution was missing required information on the dissolution of the group. He proposed that the group discuss the best course of action if the group was ever dissolved. The main point passed was that all group assets, profits and losses would be split equally. The mode of distribution would be included in the constitution.

AOB

Min 01/23/2022: Peter Kimani's Project

Peter Kimani proposed a mobile games tournament website. Details were discussed and Peter was asked to draft a proposal that would encompass the research and all details pertaining the project which would be reviewed and feedback given during the next meeting.
